Who hopes for a fire to destroy their home, or a car accident so that they can replace their old car? What about life insurance? Go ahead and take the gamble there, too? After all, in the best case scenario, you will pay for a 20-30 year term policy, OUTLIVE it, and be able at that point to self-insure your death

He wants me to take Strontium, nightly without food on an empty stomach and I have a script for Miacalcim nasal spray, which is not filled yet....I am sorta confused about when to take the Strontium on an empty stomach at night, but I thought maybe it would be alright to take it before supper and not eat in the afternoon???? I looked at Drugstore.com at the reviews for Strontium, and they all looked pretty good....I am worried about a nasal spray as I am prone to sinus infections and to be honest, scared to death of the osteoporosis meds...
